

1. K-LOVE radio station is the main station I listen to while in my car driving in the Northwest suburbs of Chicago.
2. If K-LOVE were replaced by an LPFM broadcaster providing other programming, this community would be lacking an excellent Christian radio station to tune into. I pledge \$80.00 per month because I think K-LOVE is a great alternative to the other stations in my area.
3. The public definitely needs K-LOVE to continue broadcasting in this area to give us a station to listen to with none offensive language and to strengthen our family ties.

K-LOVE is heard on 94.3 in my area.
